COMPANY PROFILE

Introduction:

Established in 2008, Our Company is one of the fastest growing companies in U.A.E. dealing with, Heating and Ventilation & Air-Conditioning projects, Manufacturing & Trading of industrial chillers, Swimming pool heat pump etc..

We understand that just providing a simple air-conditioning service does not satisfy the need of the hour anymore. It is the time where the whole world is having a new perception about the way resources are being utilized. Considering this fact, we have built up our policies to this emerging situation and conceptualized our motto – "towards a greener future……."

Our Managing, Engineering & Manufacturing team carries extensive experience in Electro-Mechanical field with multiple successful installations in various Gulf countries.

Our Philosophy

Our philosophy is highlighted by the following guidelines:

- To deliver the highest standards in our services by treating both customers and employees with utmost respect and trust.
- To maintain quality control at all leaves of our operations for the utmost satisfaction of our customers.
- To create innovative solutions in our operations and utilize the available best advanced environment friendly technology to achieve our goal of a greener future.
- To coordinate with all levels of staff, in order to pursue and manage any project, right from the conceptual stage to the implementation and completion of the project.

Our objectives are committed to maintaining a balance between the interests of our customers, our share holders and our staff.

Our customers are our strategic partners with whom we work closely to seek solutions, which will add value to their own systems and installations. Their problems are our challenges, for which we are eager to offer innovative, cost-effective & reliable products and solutions, fully fit for the purpose intended, without compromising on quality and the possibility of conservation of resources at any stage.

We are committed to service before and after sales of our solution. It is our endeavor to create a culture of total Quality where continuous improvement of our people, our processes and choice of products become a way of life.

We constantly update our system to utilize state of the technology available to achieve our goals, apart from training our staff on the emerging technologies to improve their operating environment and reduce consumption of energy, this is the core part of our business.

Our Objectives

A vision statement is sometimes called a picture of the company in the future, but a company's vision is more than that. A vision statement is for the company's inspiration, the framework for all the company's strategic planning". TEMPERATURES ASIA is an established firm in UAE, but its vision is to become one of MIDDLE EAST'S leading air conditioning companies. The vision is very broad, and without using it to derive measurable goals and objectives, the company would not be able to monitor its achievements. TEMPERATURES ASIA plans to enter other areas of business only after successfully establishing itself in the HVAC market..

We have a skilled work force, which understands the customer's requirements. So, whether it is a new installation in a construction project or a minor maintenance service, we are committed to serve & satisfy our customers to the fullest extent.

The company's management facilities the highest degree of teamwork and believes that this is the best way in achieving excellence in performance in the new era of Green Technologies.

الموضوع: تأهيل للمشاركة في مشاريع إدارة الطرق (مورد فرعي)

تحية طيبة وبعد،

بالإشارة إلى طلبكم بالموافقة على تأهيل شركتكم كمورد فرعي HVAC وذلك في مشاريع الطرق. نحيطكم علما بأنه قد تم مراجعة المستندات المقدمة من طرفكم ولا مانع من الموافقة على تأهيلكم للعمل كمورد فرعي – HVAC بمشاريع الطرق فئة (T) وبمبلغ (مليون درهم) كحد أقصى للمشروع الواحد وذلك بشرط تحقيق كافة الاشتراطات الفنية والتعاقدية لمشاريع الإدارة. يرجى أخذ العلم بأنه سيتم تقييم أداء شركتكم في كل مشروع تقومون بالمشاركة فيه وذلك لأغراض رفع/خفض/إلغاء الفئة التي تشاركون بها في المشاريع المستقبلية.

مرسل لعنايتكم لأخذ العلم والعمل بموجبه

وتفضلوا بقبول وافر التحية

- مدة صلاحية هذا التأهيل هي ثلاثة سنوات من تاريخه
- لا تتحمل هيئة الطرق والمواصلات أي مسؤولية تجاه الغير فيما يخص هذا التأهيل

Project: R1013/2E1 Improvement of Shindagha Corridor
Access to Deira Island at Abu Baker Al Siddique Street
Subject: Prequalification of M/s Temperature Asia AC Central (PQ-044)

Reference is made to your Letter Ref: 202/R1013-2E1/19R0153 dated 07th March 2019 regarding the above mentioned subject. In principle, we have no objection to your recommendation to approve M/s Temperature Asia AC Central, as a subcontractor to carry out the air-conditioning works in the above project subject to the following:

1. **The company has to apply for RTA prequalification as Supplier/ Subcontractor.**
2. Adhere to standards quality measures of works.
3. Satisfactory performance on site
4. Full compliance to the project specifications and international Standards.

Final approval shall be subject to obtain the approval of RTA prequalification process.
This is for your information and necessary action.

COMPANY POLICIES

Company Activities

Over the years of team of engineers and experts have successfully carried out various Air conditioning contracts in UAE and other countries abroad mainly in Oman & Saudi Arabia.

Our team of engineers and experts have involved in projects including engineering, design, procurement, erection, testing, commissioning chillers, air-conditioning units (Ducted Split, Wall mounted decorative & Package units etc.)

Our team of engineers has built the reputation of commitment to meet the highest quality standards on time delivery and personal accountability to their customers. A network of multinational companies here in UAE with products and engineering experts has also pledged their support to our activities.

Our core group of skilled workers and experienced engineers complemented by a committed management from us shall ensure products and services excellence. We pride ourselves on the fact that our customers turn to us for sound advice and quality solution.

Manufacturing Division

WE specialize in the manufacturing of:

Process Chillers, Plastic Molding: Our signature product; chillers for injection molding are what we do the best. They are easily the most energy efficient and long lasting chillers on the market. Our design not only makes them extremely easy to inspect, maintain and repair.

Swimming pool Heat Pump: This economic and high efficiency swimming pool heat pump can be customize to do both cooling and heating. Its advanced controlling features and long lasting durability makes it one of the best in the market.

Small Chillers: We are the manufacturer of portable air cooled chillers for a wide range of industries such as plastics, rubber, chemical and pharmaceuticals. Our air cooled chillers were designed to cool both the process as well as the process machine.

Chillers and it's Components:

Services Offered:

- Chiller repairs, spares / refurbishment
- Chiller service, maintenance
- Chiller commissioning services
- Chiller glycol
- Condenser cleaning
- Chiller refrigerant leak testing / refrigerant recovery
- Chiller refrigerant re charging
- Industrial process chiller service
- REFCOM refrigerant management procedures
- Chiller refrigerant retrofit, replacement
- Replacement compressors / condensers / evaporators for chillers
- Specialist HVAC chiller service
- 24/7 response to failed chillers
- Qualified chiller service engineers.

Maintenance Division:

We have a dedicated team of highly qualified engineers, who are experienced in fault diagnosis and the repair of all major brands of air conditioning equipment.

We offer 'tailor made' Planned Preventative Maintenance contract to suit customer needs which will ensure that the units are always working at optimum performance levels.

Air-conditioning Projects

We cater to some of the most diverse and unique industries in the market. Some of these industries have very specific requirements, which call for precision machining, gadgets to remove excess heat or to have a controlled ambience. Our projects undertaken pertain to:

a. High rise towers
b. Hotels and Restaurants.
c. Factories and warehouses
d. All type of industrial air-conditioning.
e. Smoking pools
f. Humidity control applications
g. Villas and Farm houses
h. High activity areas

Refurbishments

We undertake refurbishment of:

- Chillers and its components
- All types of DX systems
- Oil coolers
- Panel board coolers
- Condenser coil replacements
- Anti corrosive coatings

PROJECT :	R881-3C1
CONSULTANTS:	M/S.PARSONS
CONTRACTOR:	M/S. WADE ADAMS
MATERIAL DESCRIPTION:	SPLIT A/C FROM M/s MITSUBISHI, MANUFATURED IN THAILAND
SUBMISSION NO:	126A
SUPPLIER:	M/S TEMPERAURES ASIA
APPROVAL STATUS:	CONDITIONAL APPROVAL.
COMMENTS:	The unit shall be in total in compliance with relevant specification for the project for Split Air conditioners and other general DM requirements detailed hereby: 1) Unit selection and heat load calculation shall be based on ambient temperature of 55 degree Celsius specified. Unit selection, normally done at a lower ambient temperature, shall have a de-rating factor of 15% added to the calculated load. Confirmation on compliance with this required. 2) Refrigerant used shall comply with general requirement for Air conditioners installed in Dubai. 3) Capacity of each unit to be 25 % more than the calculated heat load to take care of heat generated within the MCC. 4) AC Units shall operate on one duty-one stand by principle in any pumping station. This is the standard requirement for all equipments. 5) Indoor unit shall be wall mouted. 6) Outdoor unit- shall have **special anticorrosive** coating as specified 7) Condenser coils shall have **special anticorrosion** protection for units installed in pumping stations.

Corrections or comments made relative to submittals during this review do not relieve the contractor from compliance with the requirements of The Contract. This check is only for review of general conformance with the design concept of the project and general compliance with the information given in the contract documents. The contractor is responsible for confirming and correlating all quantities and dimensions, selecting fabrication processes and techniques of construction, coordinating his work with that of other trades and performing his work in a safe and satisfactory manner.

COMMENTS BY THE CONSULTANT

1) Based on supplier confirmation the proposed deviation can be accepted, however need confirmation from manufacturer that this will not have effect on performance of AC unit and will meet design intent.

2) Submit necessary warranties and country of origin certificate on delivery.

An ISO 9001:2008 Certified Company

CONTRT/PROJ/QTE/1272/AR/04052015

Monday, May 04th, 2015

Contract of Air Conditioning Between

GOURMET FOODS.

Frozen Foods
Ajman – U.A.E

Temperatures Asia
Sharjah-U.A.E

Project: Supply and installation of Freezer & Chiller cold storage rooms with complete refrigeration systems.

Scope of work I: BLAST FREEZER ROOM – 8.30 x 5.30 x 3.5 M (Temp: Minus 40 °C)

1) Supply and Installation of the condensing unit **30HP----1nos.** Make:– **BITZER**
2) Supply and Installation of Indoor unit / Evaporator (6.30mm Manufacture) **---- 1nos.** Make:– **GUNTNER**
3) Supply and Installation of Insulated concrete flooring panel with thickness **100mm**
4) Flooring room to get proper room temperature with 2 coats of epoxy coloring
5) Supply and Installation of electrical wiring and testing
6) Pressure testing and vacuumising the system
7) Testing and Commissioning the refrigeration system and hand over to client
8) Final cleaning and removing waste from the site.

Scope of work II: RAW MATERIAL STORAGE (FROZEN) – 8.00 x 5.00 x 5.50 M (Temp: Minus 20 °C)

1) Supply and Installation of the condensing unit **7.5HP----2nos.** Make:– **BITZER**
2) Supply and Installation of Indoor unit / Evaporator (40.0mm/2fan/1Phase) **---- 1nos.** Make:– **GUNTNER**
3) Supply and Installation of Insulated concrete flooring panel with thickness **100mm**
4) Flooring room to get proper room temperature with 2 coats of epoxy coloring
5) Supply and Installation of electrical wiring and testing
6) Pressure testing and vacuumising the system
7) Testing and Commissioning the refrigeration system and hand over to client
8) Final cleaning and removing waste from the site.

Scope of work III: HOLDING CHILLER – 8.00 x 4.00 x 4.50 M (Temp: Plus 2 °C)

1) Supply and Installation of the condensing unit **6HP---1nos** Make:– **BITZER**
2) Supply and Installation of Indoor unit / Evaporator(40.0mm/2fan/1Phase) **---- 1nos.** Make:– **GUNTNER**
3) Supply and Installation of Insulated concrete flooring panel with thickness **100mm**
4) Flooring room to get proper room temperature with 2 coats of epoxy coloring
5) Supply and Installation of electrical wiring and testing
6) Pressure testing and vacuumising the system
7) Testing and Commissioning the refrigeration system and hand over to client
8) Final cleaning and removing waste from the site.

Phone: 00971-6-5351190, Fax: 00971-6-5351235
Email: info@taac.me, Web: www.taac.me

Scope of work IV: FINISHED GOODS STORAGE (FROZEN) – 12.00 x 5.00 x 5.50 M (Temp: Minus 20 °C)

1) Supply and Installation of the condensing unit **10HP----2nos**. Make:– **BITZER**
2) Supply and Installation of Indoor unit / Evaporator(400mm:3fan:1Phase) **---- 1nos.** Make:– **GUNTNER**
3) Supply and Installation of Insulated concrete flooring panel with thickness **100mm**
4) Flooring room to get proper room temperature with 2 coats of epoxy coloring.
5) Supply and Installation of electrical wiring and testing
6) Pressure testing and vacuumising the system.
7) Testing and Commissioning the refrigeration system and hand over to client
8) Final cleaning and removing waste from the site.

Scope of work V: DEFOREST CHILLER ROOM– 7.00 x 6.50 x 4.50 M (Temp: Plus 10 °C)

1) Supply and Installation of the condensing unit **4HP----1nos**. Make:– **BITZER**
2) Supply and Installation of Indoor unit / Evaporator(400mm:2fan:1Phase) **---- 1nos.** Make:– **GUNTNER**
3) Supply and Installation of Insulated concrete flooring panel with thickness **100mm**
4) Flooring room to get proper room temperature with 2 coats of epoxy coloring.
5) Supply and Installation of electrical wiring and testing
6) Pressure testing and vacuumising the system.
7) Testing and Commissioning the refrigeration system and hand over to client
8) Final cleaning and removing waste from the site.

Scope of work VI: ANTE ROOM– 2.00 x 5.0 x 4.50 M (Temp: Plus 10 °C)

1) Supply and Installation of the condensing unit **2HP----1nos**. Make:– **BITZER**
2) Supply and Installation of Indoor unit / Evaporator(315mm:2fan:1Phase) **---- 1nos.** Make:– **GUNTNER**
3) Supply and Installation of Insulated concrete flooring panel with thickness **100mm**
4) Flooring room to get proper room temperature with 2 coats of epoxy coloring.
5) Supply and Installation of electrical wiring and testing
6) Pressure testing and vacuumising the system.
7) Testing and Commissioning the refrigeration system and hand over to client
8) Final cleaning and removing waste from the site.

Scope of work VII: ANTE ROOM– 2.00 x 5.0 x 4.50 M (Temp: Plus 10 °C)

1) Supply and Installation of the condensing unit **2HP----1nos**. Make:– **BITZER**
2) Supply and Installation of Indoor unit / Evaporator(315mm:2fan:1Phase) **---- 1nos.** Make:– **GUNTNER**
3) Supply and Installation of Insulated concrete flooring panel with thickness **100mm**
4) Flooring room to get proper room temperature with 2 coats of epoxy coloring.
5) Supply and Installation of electrical wiring and testing
6) Pressure testing and vacuumising the system.
7) Testing and Commissioning the refrigeration system and hand over to client
8) Final cleaning and removing waste from the site.

Phone: 00971-6-5351190, Fax: 00971-6-5351235
Email: info@taac.me, Web: www.taac.me

Scope of work VIII: FINISHED GOODS PACKING AREA– 10.00 x 8.00 x 4.50 M (Temp: Plus 20 °C)

1) Supply and Installation of the condensing unit **5HP----1nos**. Make:– **BITZER**
2) Supply and Installation of Indoor unit / Evaporator(400mm:2fan:1Phase) **---- 1nos.** Make:– **GUNTNER**
3) Supply and Installation of Insulated concrete flooring panel with thickness **100mm**
4) Flooring room to get proper room temperature with 2 coats of epoxy coloring.
5) Supply and Installation of electrical wiring and testing
6) Pressure testing and vacuumising the system.
7) Testing and Commissioning the refrigeration system and hand over to client
8) Final cleaning and removing waste from the site.

Scope of work IX: TUMBLER– 5.00 x 8.00 x 4.50 M (Temp: Plus 20 °C)

1) Supply and Installation of the condensing unit **3HP----1nos**. Make:– **BITZER**
2) Supply and Installation of Indoor unit / Evaporator(315mm:2fan:1Phase) **---- 1nos.** Make:– **GUNTNER**
3) Supply and Installation of Insulated concrete flooring panel with thickness **100mm**
4) Flooring room to get proper room temperature with 2 coats of epoxy coloring.
5) Supply and Installation of electrical wiring and testing
6) Pressure testing and vacuumising the system.
7) Testing and Commissioning the refrigeration system and hand over to client
8) Final cleaning and removing waste from the site.

Scope of work X: BUTCHERY– 11.00 x 8.00 x 4.50 M (Temp: Plus 20 °C)

1) Supply and Installation of the condensing unit **6HP----1nos**. Make:– **BITZER**
2) Supply and Installation of Indoor unit / Evaporator(400mm:2fan:1Phase) **---- 1nos.** Make:– **GUNTNER**
3) Supply and Installation of Insulated concrete flooring panel with thickness **100mm**
4) Flooring room to get proper room temperature with 2 coats of epoxy coloring.
5) Supply and Installation of electrical wiring and testing
6) Pressure testing and vacuumsing the system.
7) Testing and Commissioning the refrigeration system and hand over to client
8) Final cleaning and removing waste from the site.

Scope of work XI: COMMON AREA– 30.00 x 15.00 x 4.50 M (Temp: Plus 20 °C)

1) Supply and Installation of the condensing unit **6HP----3nos**. Make:– **BITZER**
2) Supply and Installation of Indoor unit / Evaporator(350mm:3fan:1Phase) **---- 1nos.** Make:– **GUNTNER**
3) Supply and Installation of Insulated concrete flooring panel with thickness **100mm**
4) Flooring room to get proper room temperature with 2 coats of epoxy coloring.
5) Supply and Installation of electrical wiring and testing
6) Pressure testing and vacuumising the system.
7) Testing and Commissioning the refrigeration system and hand over to client
8) Final cleaning and removing waste from the site.

P.O. Box 65850, Sharjah, U.A.E.
Phone: 00971-6-5351190, Fax: 00971-6-5351235
Email: info@taac.me, Web: www.taac.me

Scope of work XII: DE-BOXING AREA–6.50 x 5.00 x 4.50 M (Temp: Plus 20 °C)

1) Supply and Installation of the condensing unit **3HP----1nos**. Make:– **BITZER**
2) Supply and Installation of Indoor unit / Evaporator(315mm:2fan:1Phase) **---- 1nos.** Make:– **GUNTNER**
3) Supply and Installation of Insulated concrete flooring panel with thickness **100mm**
4) Flooring room to get proper room temperature with 2 coats of epoxy coloring.
5) Supply and Installation of electrical wiring and testing
6) Pressure testing and vacuumising the system.
7) Testing and Commissioning the refrigeration system and hand over to client
8) Final cleaning and removing waste from the site.

REFRIGERATION ACCESSORIES

Supply and installation of the following

- Refrigerant piping
- Rubber Insulation for the suction pipe line as per requirements.
- Expansion valve
- Filter drier
- Hp/Lp Controller
- Oil Pressure Switch

CONTROL PANEL

Supply and installation of the following

- Digital Microprocessor for temperature control
- M.C.B
- Relay
- Breakers
- Over load protector
- Automatic
- Contactors
- 24 hours digital defrost timer control for system
- Other necessary safety devices would be installed.

PANEL DESCRIPTION

Fire rating	**Meets flame/fire resistance regulatory requirements and are ISO certified.**
Corrosion	**P.U. plank is resistant to oils, greases, adhesives, dilute acids and alkalis**
Biological	**P.U. Planks are resistant to mould and microbial growths even in very high humidity situations**
Control Panels	**Time delay switches and auto defrost system will be available.**

P.O. Box 65850, Sharjah, U.A.E.
Phone: 00971-6-5351190, Fax: 00971-6-5351235
Email: info@taac.me, Web: www.taac.me

FLOORING

❖ 100MM thick panel reinforced with 12mm thick plywood, plus top finishing with 2mm thick aluminum chequered plate
❖ Note: Flooring would be installed for freezer & chiller 1 as per requirements

WALL PANELS

Material	Rigid Injected CFC free polyurethane foam
Cladding	0.5mm thick white polyester coated G.I sheet
Color	Polyester coated
Density	P.U.40 kg/m3
Thickness	100mm (10cm)

DOORS

Blast Freezer room	Sliding & Hinged door
Raw Material storage (Frozen)	Sliding & Hinged door
Holding Chiller room	Hinged door
Finished goods storage (Frozen)	Sliding & Hinged door
Deforest Chiller room	No door
Antee room I	Hinged door
Antee room II	Hinged door
Finished goods packing area	No door
Tumbler	Hinged door
Butchery	Hinged door
De-Boxing area	No door

QUALITY POLICY & CERTIFICATE OF SAFETY POLICY

OUR COMMITMENT

We have established an induction program conducted to ensure the Education, interest and awareness training of new recruits to safe working methods before the assumption of duty.

Ensure that the organization is a hazard free place, and the environment, facilities, equipment and materials are subject to feed proof systems of work to prevent risks to health or life.

Promote personal awareness commitment and responsibility in a joint effort by everyone to take precaution and prevent health mishaps, hazards and inflecting injuries upon themselves and to others who may be affected by their acts of omission.

To co-operate with the organization and comply with the specified regular routine, duties, requirements and statutory obligations.

Worker supervision & instruction.

Adequate control of health & safety risks from work.

Ensure the use of defensive driving techniques by car drivers and by safety precautions, machine operators.

Prevention of accident & work related health issues.

Use tools & equipment as per training.

Ensure that safety is a line management responsibility.

Monitor effectiveness of safety policy.

Display and publicize this statement and review it at least bi-annually.

Accident free work Zone.

Description of work:

Supply, install, service & Maintenance of all Air Conditioning & Refrigeration Equipment.

Sectors: Industrial / Domestic / Commercial.

Quality policy

CERTIFICATE OF QUALITY COMMITMENT

A Combination of perfect Teamwork & ISO standards. To provide high quality products to our Valuable customers subject to the superior standards at every level. As per their requirements, specifications as per schedule & budget on time, every time. Evidence of our Commitment to Quality is provided through our current and ongoing development off a Quality Assurance Management System with the International Standard-ISO in Production, Installation and all Types of Cooling Related Operations
